Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
1/10

FIG. 1

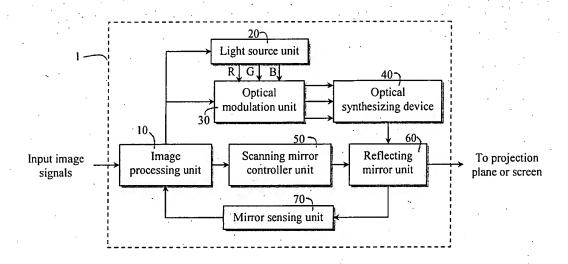

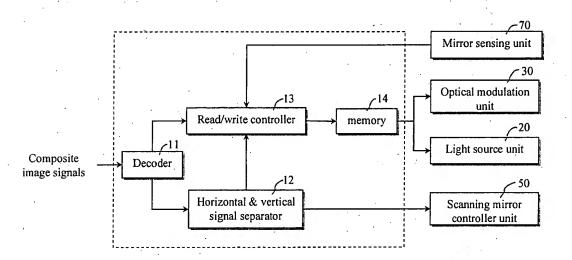

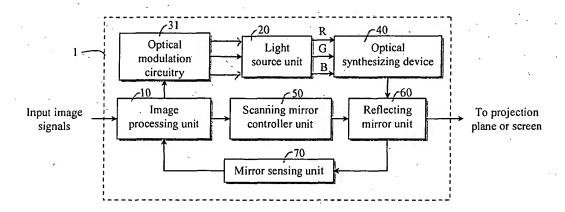

FIG. 1A

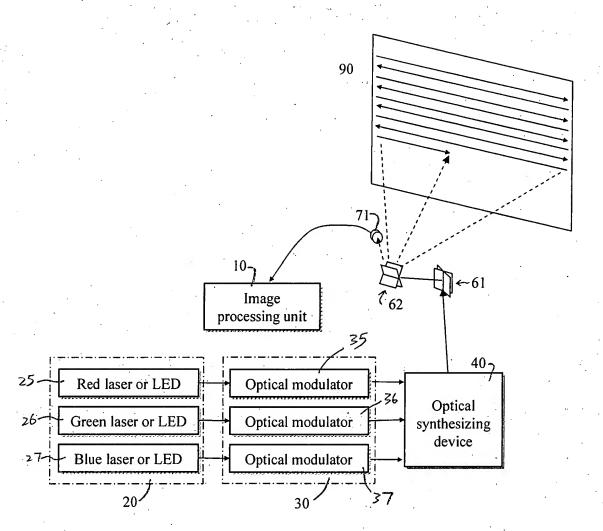

Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
2/10

FIG. 2

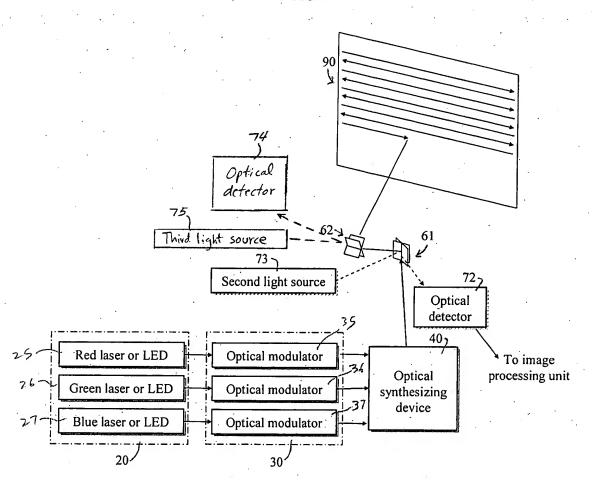

Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
3/10

FIG. 3

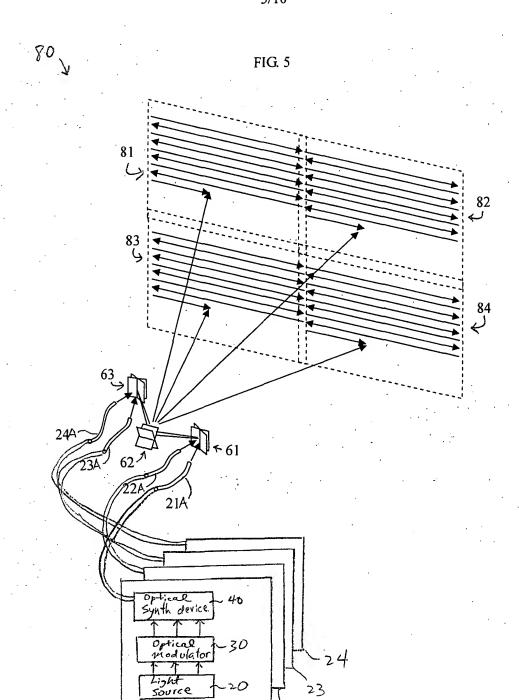

Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
4/10

FIG. 4

Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Vee-Chang Fu et al. KUO-P103

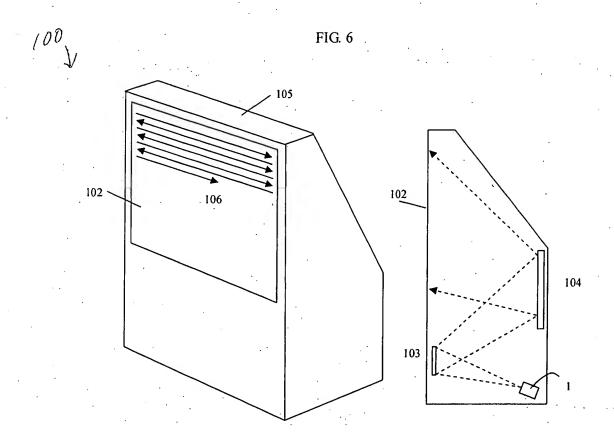

Inventor: Yee-Chung Fu et al. KUO-P103
5/10

21

22

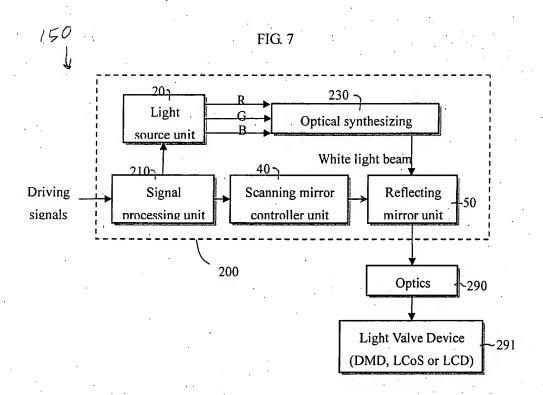

Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
6/10

Title: "Laser Projection Display And Illumination Device With MEMS Scanning Mirror For Indoor And Outdoor Applications"

Inventor: Yee-Chung Fu et al. KUO-P103

7/10

Title: "Laser Projection Display And Illumination Device With MEMS Scanning
Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
8/10

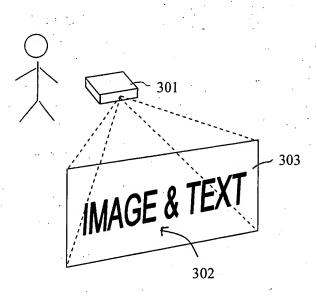

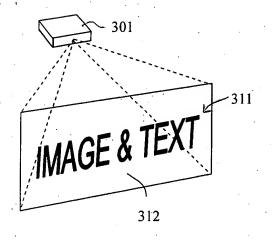

FIG. 9

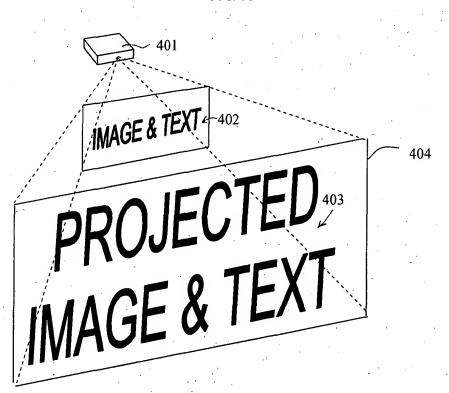

Title: "Laser Projection Display And Illumination Device With MEMS Scanning

Mirror For Indoor And Outdoor Applications" Inventor: Yee-Chung Fu et al. KUO-P103

9/10

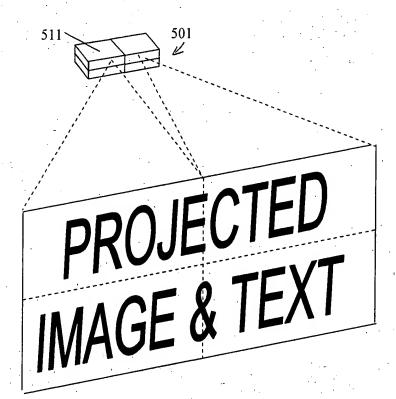

Title: "Laser Projection Display And Illumination Device With MEMS Scanning Mirror For Indoor And Outdoor Applications"

Inventor: Yee-Chung Fu et al. KUO-P103

FIG. 11

Title: "Laser Projection Display And Illumination Device With MEMS Scanning Mirror For Indoor And Outdoor Applications"
Inventor: Yee-Chung Fu et al. KUO-P103
10/10
